### Tuberulocidal Disinfectant

**Tuberulocidal Disinfectant**

**Deodorizer**

**Detergent**

**Kills HIV-1 (AIDS virus)**

**Canine Parvovirucidal**

**Ready to use Spray Works**

**in hard or soft water**

A heavy duty cleaner! A dynamic detergent. A breakthrough in disinfecting. It is a Canine Parvovirucidal.

This versatile product cleans, disinfects and deodorizes any washable hard, nonporous , environmental surface. Eliminates the need to use several other products. Now, all you need is this single product. Works equally well in either hard or soft water.

Bactericidal Activity-- when used as directed this product exhibits effective disinfectant activity against Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa, Escherichia coli, and meets the requirements for hospital use.

Kills HIV-1 on pre-cleaned environmental surfaces/objects previously soiled with blood/ body fluids in health care settings.

## DESCRIPTION

A ready to use spray product designed specifically as a general nonacid cleaner and disinfectant for use in hospitals, nursing homes, schools, hotels, restaurants and animal care applications. It is formulated to disinfect hard, nonporous, inanimate environmental surfaces. May be used in the kitchen.

## APPLICATION

Disinfect inanimate environmental surfaces such as floors, walls, metal surfaces, stainless steel surfaces, porcelain glazed ceramic tile, bathrooms, shower stalls, bathtubs and cabinets. Clean and disinfect kitchen counters, sinks, appliances and stove tops. Deodorize such areas as garbage storage areas, empty garbage bins and cans, basements, restrooms.

## DIRECTIONS FOR USE

Remove gross filth or heavy soil prior to application of the product. Hold container six to eight inches from the surface to be treated. Spray area until it is covered with the solution. Allow product to penetrate and surface to remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum.
